WSI Cleaning Services now includes **Sanitizing Services** in addition to our standard cleaning services!

- CUBICAL PANEL CLEANING PER MFG. GUIDELINES USING OUR CFR™ EXTRACTOR
- CHAIR CLEANING
- **NEW!! FOGGING SERVICES!**

ULV (Ultra Low Volume) fogger works by compressing disinfectants through a specially designed nozzle, producing a fine cold mist or aerosol. Electric portable versions are particularly ideal for indoor applications as they don't produce exhaust gases and are less noisy.
